

ICFDT7 - 7th International Conference on Frontier in Diagnostic Technologies

Wednesday, 23 October 2024

Spectroscopy (12:10 - 12:50)

time	[id] title	presenter
12:10	[27] Quantum spectroscopy approach for novel diagnostics	CHIURI, Andrea
12:30	[11] Radiation-induced photoluminescent colour centres in lithium fluoride films for the detection of monochromatic hard X-rays	VINCENTI, Maria Aurora

Spectroscopy (14:45 - 14:55)

time	[id] title	presenter
14:45	[124] Diagnostics of Capillary System in Laser-Plasma Accelerators for VHEE Applications	Dr ARJMAND, Sahar
