Nuclear Structure far from Stability (09:00 - 11:00)

time	[id] title	presenter
09:00	[122] Perspectives for laser spectroscopy at the next generation of European RIB facilities	FLANAGAN, Kieran
09:30	[17] Ground States and Isomers of Cadmium by High-Resolution Laser Spectroscopy	Dr YORDANOV, D. T.
09:50	[29] The observation of a strong E0 component in the $2+2 \rightarrow 2+1$ transition in ^{184}Hg from the beta-decay of laser-ionized thallium isotopes: a strong signature for shape coexistence.	Ms RAPISARDA, Elisa
10:10	[116] A dynamical model for halo nuclei and two-nucleon transfer reaction	VIGEZZI, Enrico
10:40	[62] Ab-initio Green's function calculations of medium-mass open-shell nuclei	Dr SOMÀ, Vittorio
