

BULLKID-DM Meeting

Tuesday, 19 March 2024 - Wednesday, 20 March 2024

LNGS

Book of Abstracts

Contents

Welcome	1
Overview of BULLKID-DM	1
Presentation of the Rome group	1
Presentation of the KIT group	1
Presentation of the Ferrara Group	1
Presentation of the Pisa group	1
Presentation of the Grenoble group	1
Presentation of the UNAM group	2
Sensitivity to WIMP-like Dark Matter	2
Review of competitors	2
CEvNS application	2
The DANAE Detector: Roadmap	2
Electronics study	2
Prototype electronics system	3
3”x3 Demonstrator	3
4” Stack	3
Wafer dicing	3
Simulations: DANAE setup in Rome	3
Simulations: BULLKID-DM setup at Gran Sasso	3
Tests on BGO	4
KID R&D	4
LNGS Cryo facility	4
Rome Cryolab	4

Cryogenics in Pisa	4
CDR	4
Round table: Workpackages and milestones definition	4
Concluding remarks	5
Physics of KIDs and KIDs for Physics	5

1

Welcome

Corresponding Author: antonio.daddabbo@lngs.infn.it

2

Overview of BULLKID-DM

Corresponding Author: marco.vignati@roma1.infn.it

3

Presentation of the Rome group

Corresponding Author: marco.vignati@roma1.infn.it

4

Presentation of the KIT group

Corresponding Author: luis.ardila@kit.edu

5

Presentation of the Ferrara Group

Corresponding Author: mazzolari@fe.infn.it

6

Presentation of the Pisa group

Corresponding Author: donato.nicolo@pi.infn.it

7

Presentation of the Grenoble group

Corresponding Authors: daniele.delicato@roma1.infn.it, monfardini@neel.cnrs.fr

8

Presentation of the UNAM group

Corresponding Author: ericvj@fisica.unam.mx

9

Sensitivity to WIMP-like Dark Matter

Corresponding Author: matteo.folcarelli@roma1.infn.it

10

Review of competitors

Corresponding Author: marco.vignati@roma1.infn.it

11

CEvNS application

Corresponding Author: giorgio.delcastello@roma1.infn.it

12

The DANAE Detector: Roadmap

Corresponding Author: angelo.cruciani@roma1.infn.it

13

Electronics study

Corresponding Author: mario.delucia@pi.infn.it

14

Prototype electronics system

Corresponding Author: timo.muscheid@kit.edu

15

3”x3 Demonstrator

Corresponding Author: daniele.delicato@roma1.infn.it

16

4” Stack

Corresponding Author: daniele.pasciuto@pi.infn.it

17

Wafer dicing

Corresponding Author: romagnoni@fe.infn.it

18

Simulations: DANAE setup in Rome

Corresponding Author: ericvj@fisica.unam.mx

19

Simulations: BULLKID-DM setup at Gran Sasso

Corresponding Author: ericvj@fisica.unam.mx

20

Tests on BGO

Corresponding Author: matteo.delgalloroccagiovine@roma1.infn.it

21

KID R&D

Corresponding Author: daniele.delicato@roma1.infn.it

22

LNGS Cryo facility

Corresponding Author: antonio.daddabbo@lngs.infn.it

23

Rome Cryolab

Corresponding Author: angelo.cruciani@roma1.infn.it

24

Cryogenics in Pisa

Corresponding Author: giovanni.signorelli@pi.infn.it

25

CDR

Corresponding Author: angelo.cruciani@roma1.infn.it

26

Round table: Workpackages and milestones definition

Corresponding Authors: angelo.cruciani@roma1.infn.it, marco.vignati@roma1.infn.it

27

Concluding remarks

Corresponding Author: marco.vignati@roma1.infn.it

28

Physics of KIDs and KIDs for Physics

Corresponding Author: monfardini@neel.cnrs.fr
