

# Experimental Dark Matter search at mass > 1 GeV

*Wednesday, 10 July 2024 09:30 (30 minutes)*

This talk will present an overview of the experimental efforts to detect WIMP dark matter and other particle candidates with masses above 1 GeV, along with the prospects for finally identifying the nature and origin of dark matter.

**Presenter:** MONZANI, Maria Elena (SLAC National Accelerator Laboratory)

**Session Classification:** Plenary
