Laser/Plasma & Channeling (11:15 - 13:35)

-Conveners: Alessandro Curcio

time	[id] title	presenter
11:15	[38] Laser and Particle Guiding in Plasmas at I-LUCE (INFN Laser induced radiation production)	CIRRONE, G A Pablo
11:45	[60] Intense laser pulses propagation in overdense plasmas	GIULIETTI, Danilo
12:05	[59] Experiments of particle guiding and radiation in laser-plasma channels	CURCIO, Alessandro
12:25	[79] Innovations and developments in Ge gamma undulators with Pulse Laser Melting	VALZANI, Davide
12:45	[100] Compton backscattering sources, high intensity lasers and non-linear QED phenomenology	DATTOLI, GIUSEPPE
13:05	[42] Implementing Capillary Design for Reliable VHEE Beam Delivery	Dr ARJMAND, Sahar
