

4th International FLAG Workshop : The Quantum and Gravity

9th-11th September 2024
Ex Chiesa della Purità, Catania

The 4th workshop organised by the INFN research network FLAG (FieLds And Gravity) is devoted to the fundamental gravitational interaction and related theoretical studies of cosmology and black holes. Aim of the event is to bring together researchers in these fields, to present new ideas and stimulate discussions on these topics. The programme is arranged in three days dedicated respectively to black holes, cosmology and quantum gravity in general.
