## venerdì 21 giugno 2024

### On-going R&D Detectors (12:00 - 12:40)

-Coordinatori: Daniele Mengoni

time	[id] title	presenter
12:00	[7] Electron spectroscopy @LNL: Present and future perspectives	MARCHINI, Naomi
12:20	[24] Direct transfer reaction studies with GRIT at SPES	GALTAROSSA, Franco

### On-going R&D Detectors (15:40 - 16:20)

-Coordinatori: Marco Rocchini

time	[id] title	presenter
15:40	[17] Characterization of new scintillator detectors for high-energy gamma-ray measurements	GIAZ, Agnese
16:00	[19] Update on the coupling between the In-Flight Radioactive Ion Beam Facility EXOTIC and AGATA	PIGLIAPOCO, Sara

### On-going R&D Detectors (18:20 - 19:00)

-Coordinatori: Andrea Gottardo

time	[id] title	presenter
18:20	[8] Towards the complete realization of a coaxial and segmented detector for gamma spectroscopy experiments	SECCI, Giacomo
18:40	[15] Ancillaries at LNL	BALOGH, Matus
