Everything started in 2011
in València

FLASY 2011

**1st Workshop on
Flavor Symmetries and consequences in Accelerators and Cosmology**
11 – 14 July 2011, Valencia (Spain)

The main goals of the first "Workshop on flavor symmetries and consequences in accelerators and cosmology" (FLASY) is to summarize the theoretical status of flavor symmetries, bringing together young researchers in the field to stimulate discussions and new collaborations, with the aim of investigating possible new physics scenarios to be tested at the LHC, as well as in future neutrino, cosmology experiments and dark matter searches.

Topics covered by the conference:

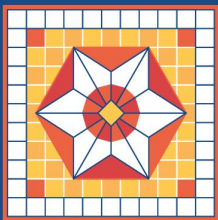

- Global fit of neutrino oscillations and neutrino mixing matrices (Tortola/Rodejohann)
- Continuous and discrete symmetries (Hagedorn)
- Grand unified models (Malinsky)
- Dark matter (Taoso)
- Flavor symmetries and collider phenomenology (Porod/Saavedra)
- Neutrinoless double beta decay (Merlo)
- Summary (Antusch)

Looking forward to seeing you in Valencia

The Organizing Committee
M.Hirsch, D.Meloni, S.Morisi, S.Pastor, E.Peinado, J.W.F.Valle

Email: flasy2011@ific.uv.es

from then, why not
MMP again in
2025?

we are now back!

commuted for Penedo
(very similar, to remain faithful
to tradition...)

Some practical info

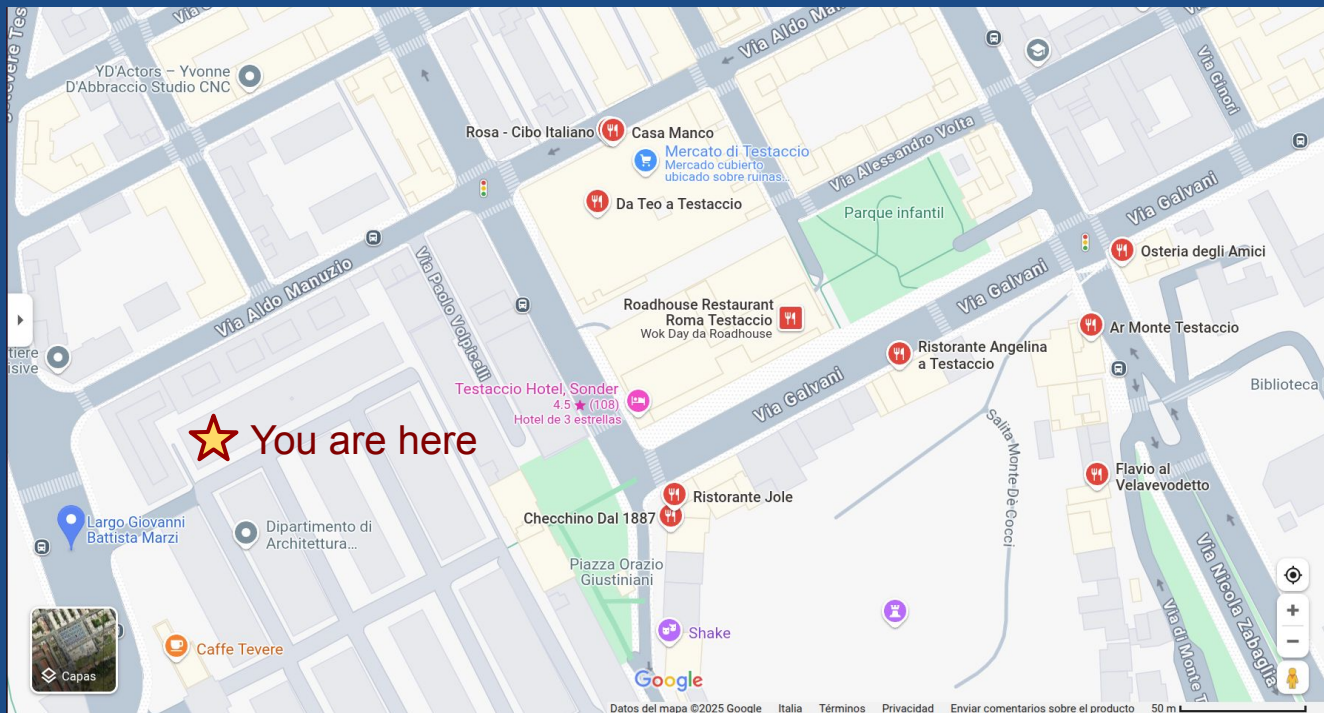

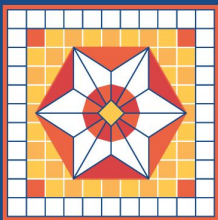

FLASY

ROME 2025

Some practical info

Perfect for gastronomic
adventurers
restaurants bursting with
character are only
a short stroll away (5').

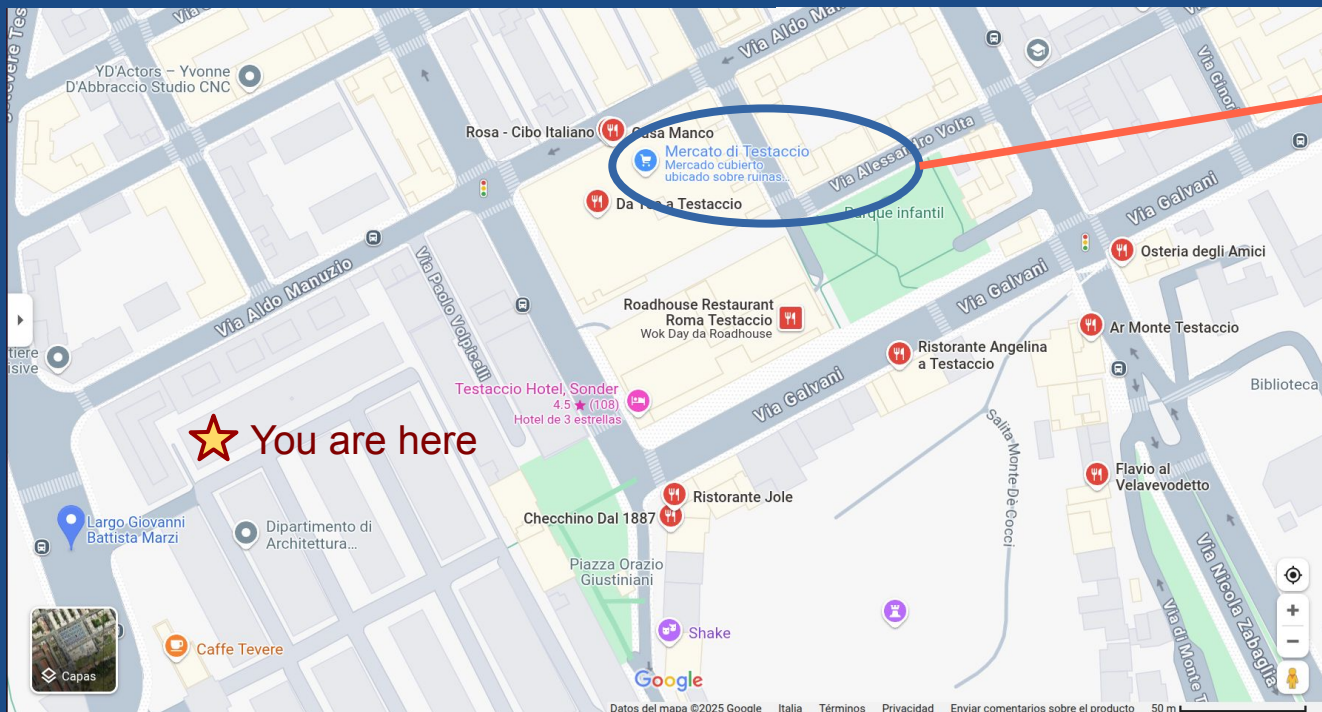

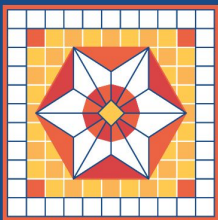

FLASY

ROME 2025

Some practical info

A market with a glass roof, located on a Roman archaeological site, with over 100 stalls offering fresh and gourmet products

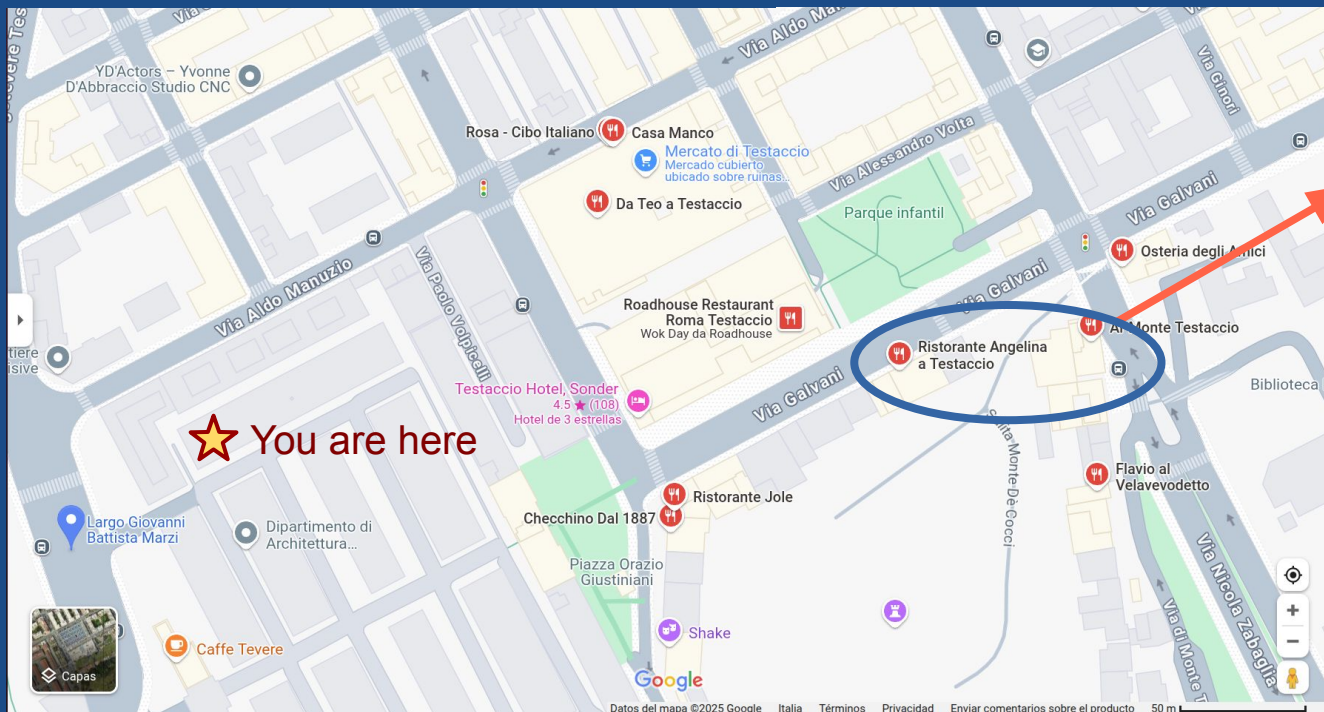

FLASY

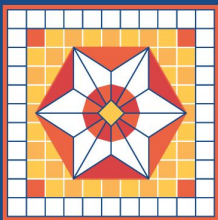

ROME 2025

Some practical info

For those still wishing to join the **social dinner**, we kindly ask that payment be made here by Tuesday at lunchtime.

ROME 2025

ACKNOWLEDGMENTS

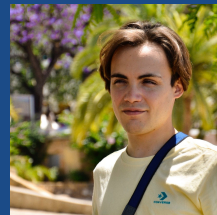

I warmly acknowledge Dr Penedo for his outstanding leadership as Co-Chair, and extend my sincere appreciation to the other members of the Local Organizing Committee.

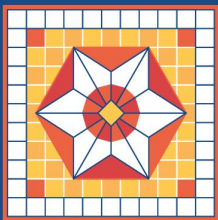

F. Mescia (INFN, LNF)

S. Morisi (Naples U.)

M. Parriciatu (Roma Tre)

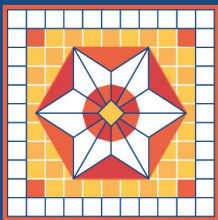

FLASY

ROME 2025

ACKNOWLEDGMENTS

- Director of Architecture Department: prof. Giovanni Formica
- Director of INFN, Roma Tre unit: prof. Domizia Orestano
