The gamma-ray sky (17:15 - 19:20)

time	[id] title	presenter
17:15	[13] Cosmic rays: interstellar gamma-ray and radio emission from our Galaxy	Dr ELENA, Orlando
17:40	[20] The Fermi LAT view of Cygnus: a laboratory to understand cosmic-ray acceleration and transport	Dr TIBALDO, Luigi
18:05	[25] Search and Characterization of Radio-quiet Gamma-ray Pulsars with Fermi-LAT	BELFIORE, andrea
18:30	[33] Supergiant Fast X-ray Transients as best candidate counterparts of galactic unidentified gamma-ray transients	Dr SGUERA, vito
18:55	[23] Searching for the gamma-ray emission of HESS J0632+057	Dr CALIANDRO, Giuseppe Andrea
