The gamma-ray sky (14:30 - 16:45)

time	[id] title	presenter
14:30	[26] VHE emission from extragalactic sources: open issues from MWL observations	STAMERRA, Antonio
15:05	[6] Observations of Pulsar Wind Nebulae in Gamma-rays from GeV to TeV energies	Dr GRONDIN, Marie-Hélène
15:30	[10] Study of the Galactic Gamma-ray Sources with VERITAS	Dr HUGHES, Gareth
15:55	[3] Overview of the Galactic results obtained by MAGIC	Dr ZANIN, Roberta
16:20	[0] Gamma-ray emission from Crab pulsar and the nebula: paradigm shifts?	LYUTIKOV, Maxim Lyutikov
