

Vulcano Workshop 2012

Thursday, 31 May 2012

The Challenge of Cosmic Ray Production (17:00 - 19:20)

time	[id] title	presenter
17:25	[58] Pierre Auger UHE CRs and Composition	GRILLO, Aurelio
17:50	[60] Theoretical Models for the Propagation Ultra High Energy Cosmic Rays and the Auger observations	ALOISIO, Roberto
18:10	[59] The Influence of Results of UHE-CR Detection on LHC Experiments	PETRUKHIN, Anatoly
18:35	[9] Precise cosmic rays measurements with PAMELA	Dr BRUNO, Alessandro
19:00	[7] UHECR event map and multiplets made by Lightest and Heaviest radioactive nuclei	Dr FARGION, Daniele
