INFN Input to the European Strategy for Particle Physics Update: next steps

- INFN Workshop on 4 February 2024 in Milan (Milano Bicocca)
 - It is a one-day only event
 - Follows the first meeting we had on May 6 and 7 2024 in Rome
 - The agenda is still under construction, but almost ready (it this at this <u>link</u>, see next page)
 - We have at present 215 registered colleagues (250 is the max capacity)
- There will be no other national events till the Symposium of the ESPPU
- This Symposium will take place in Lido di Venezia from 23 to 27 June 2025

S. Malvezzi, A. Nisati Workshop on FCC-ee and Lepton Colliders LNF - 22-24 January 2025

4 February INFN Workshop: preliminary agenda

INFN Input to ESPPU: documents

- In addition to the INFN *National Input* document, we plan to submit to the ESPPU Secretariat a set of supporting documents that, basically, expand and complement the concepts and the information presented in the INFN National Document
- These document will be public
 - A similar approach has been adopted in occasion of the ESPPU edition of 2019-2020
 - A few more document will be released internally, just for the INFN community

ESPPU: next steps

- Submission of main input from the community by 31 March 2025
- Additional input from the national HEP communities in advance of the Open Symposium (deadline 26 May 2025)
- ESPPU Symposium, Lido di Venezia, from 23 to 27 June 2025
- <u>European Strategy Group</u> (ESG) <u>meeting</u>: Monte Verità in Ascona, Switzerland, <u>from 1 to 5 December 2025</u>.
 - This is a restricted meeting
