Blanco Lounge Bar

Map to go to the Blanco Lounge Bar starting from Villa Monastero

Note that this is one of the possible ways: you can take the main road or one of the small roads to the lake and then take the 'Passerella', heading north, to the ferry station.

After the ferry station, continue to a small footbridge. After crossing it, you arrive in front of the Blanco Lounge bar (note that there is an entrance to another bar very close by, the Lido, which is not our destination).

From Villa Monastero it is a 15-20 minute walk.
