

## **Session Program**

**September 29, 2025 to October 3, 2025**

# **XXI International Workshop on Neutrino Telescopes**

## ***Plenary Tuesday***

Palazzo del Bo and Centro Culturale San Gaetano, Aula Magna

# Tue, September 30

9:00 AM

## Plenary Tuesday

**Session** | **Location:** Centro Culturale Altinate San Gaetano, Main Auditorium

### 9:00 – 9:30 AM Results from the NOvA experiment

**Speaker**

Martin Frank

**Location**

Centro Culturale Altinate San Gaetano, Main Auditorium

### 9:30 – 10:00 AM Results from the T2K experiment

**Speaker**

Sophie King

**Location**

Centro Culturale Altinate San Gaetano, Main Auditorium

### 10:00 – 10:30 AM Results from the Super-Kamiokande experiment

**Speaker**

Lucas Nascimento Machado

**Location**

Centro Culturale Altinate San Gaetano, Main Auditorium

### 10:30 – 11:00 AM Oscillation results from the IceCube experiment

**Speaker**

Summer Blot

**Location**

Centro Culturale Altinate San Gaetano, Main Auditorium

### 11:00 – 11:30 AM Coffee Break

### 11:30 AM – 12:00 PM Review of Direct Measurements of Neutrino Masses

**Speaker**

Loredana Gastaldo

**Location**

Centro Culturale Altinate San Gaetano, Main Auditorium

### 12:00 – 12:30 PM

### Latest results from the DESI experiment (with a focus on neutrino masses)

**Speaker**

Graziano Rossi

**Location**

Centro Culturale Altinate San Gaetano, Main Auditorium

### 12:30 – 1:00 PM Cosmology fits to neutrino masses

**Speaker**

Eleonora Di Valentino

1:00 PM

**Location**

Centro Culturale Altinate San Gaetano, Main Auditorium
