

Radiative and semileptonic decays in Chiral Perturbation Theory

Tuesday, 22 May 2007 14:30 (20 minutes)

I will give an overview of the recent results in ChPT relevant for kaon physics including K_{l3} and K_{l4} at two-loop order.

Primary author: Prof. BIJNENS, Johan (Lund University)

Presenter: Prof. BIJNENS, Johan (Lund University)

Session Classification: Session II

Track Classification: Non leptonic/ radiative decays
