

PhD Program of National Interest in Technologies for Fundamental Research in Physics and Astrophysics
TECH-FPA PhD Retreat 2025

From the laboratory to the cosmos

The context driving technologies for physics and astrophysics

First plenary session open to local research and academic communities

Lecturers

Pierluigi Campana - Laboratori Nazionali di Frascati (INFN)
Paolo D'Avanzo - Osservatorio Astronomico di Brera (INAF)
Fernando Ferroni - Gran Sasso Science Institute
Marcella Marconi - Osservatorio Astronomico di Capodimonte (INAF)
Mosè Mariotti - Università di Padova & INFN
Mauro Morandin - INFN Padova
Ezio Previtali - Direttore Laboratori Nazionali del Gran Sasso (INFN)
Simone Zaggia - Osservatorio Astronomico di Padova (INAF)
