

# QCD@Work - International Workshop on QCD - Theory and Experiment

## Monday, 18 June 2012

### Parallel 1B (15:00 - 16:20)

time	[id] title	presenter
15:00	[13] A nonperturbative light-front coupled-cluster method	HILLER, John
15:20	[14] An illustration of the light-front coupled-cluster method in quantum electrodynamics	CHABYSHEVA, Sophia
15:40	[63] Quark confinement due to non-Abelian magnetic monopoles in SU(3) Yang-Mills theory	KONDO, Kei-Ichi
16:00	[15] The Subleading Term of the Strong Coupling Expansion of the Heavy-Quark Potential in a N=4 Super Yang-Mills	HOU, Defu
