

QCD@Work - International Workshop on QCD - Theory and Experiment

Monday, 18 June 2012

Parallel 1A (15:00 - 16:20)

time	[id] title	presenter
15:00	[8] The Oblique S Parameter in Higgsless Electroweak Models	ROSELL, Ignasi
15:20	[9] ATLAS measurements of soft particle production and diffraction	TODOROVA, Sharka
15:40	[10] Investigation of the underlying event and multi parton scattering in pp collisions at the LHC with CMS	BARTALINI, Paolo
16:00	[11] Zeros of the $W_L Z_L$ to $W_L Z_L$ amplitude: where vector resonances stand	RUIZ-FEMENIA, Pedro
