

QCD@Work - International Workshop on QCD - Theory and Experiment

Monday, 18 June 2012

Parallel 2B (16:50 - 18:10)

time	[id] title	presenter
16:50	[19] Sigma meson and lowest possible glueball candidate in an extended linear sigma model	MUKHERJEE U, Tamal Kumar
17:10	[20] Massless scalar degrees of freedom in QCD and in the EW sector with gravity	SERINO, Mirko
17:30	[21] Low-energy QCD from first principles	FRASCA, Marco
