

General Meeting

3 Apr 2025

News

Four new master students joined the group:

- Vito, Giuseppe, Federico Scamporlino and Federico Vavalà;
- The work on the CYGNO04 drawing, material procurement and scrutiny is going on;
- In particular, for the drawings, several people from LNF and LNGS are working in parallel on the different parts (external layers, internal structure, services...);
- Davide F (with some help from me) is having regular meeting with them to follow all the developments and taking particular care and solve of all possible issues related to the integration;
