**So many conferences need to be well organized. Let's help the presenters!**

*Written material, graphs and figures, ideas, reviews...*

## Conferences 2025:

# Example of bad practice

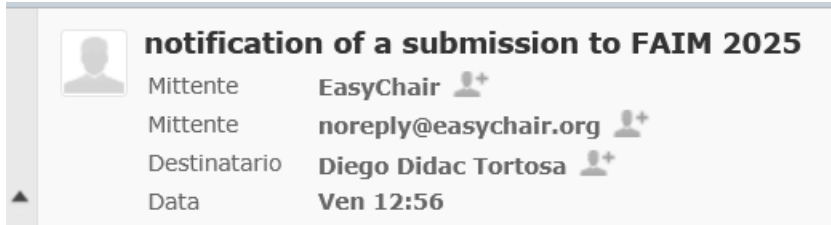

(I have already insisted on the [good practices –slides 11 and 12-](#) to follow when sending proceedings/articles in a group as large as ours).

- I knew about this proceeding a day before the submission.
- We were asked for information (text and figures) to post it the day before.

**In principle this is not the last version, we have time to correct it!**

### Result:

- List of authors with errors (**including a non-existent author?**)
- Unknown by most of the co-authors
- The proceeding has not been reviewed by its co-authors
- We do not know the result of something that will be published

Dear Diego Didac Tortosa,

Michele Cali (michele.cali@unict.it) submitted the following paper to FAIM 2025:

- Authors: Giuseppe Laudani, Giorgio Riccobene, Giuliana Baiamonte, Emidio Maria Giorgio, Salvatore Pulvirenti, Salvatore Viola, Michele Cali, Sara Pulvirenti, Diego Didac Tortosa, Abdelghani Idrissi, Letizia Stella and Salvatore Aurnia
- Title: Digital twins for intelligent production of submarine optical fibers

You are listed as one of the authors of this paper.

You can enter the [FAIM 2025 submission web page](#) using your EasyChair account.

If you do not have an EasyChair account, you can create one by following the web page link.

Best regards,

**Correcting this will improve the quality and reputation of the group**

# Papers 2025

Acoustics LNS group

At this moment **1** in the review process (Salvo) +  
**2** are accepted/publicated and waiting for payment  
(Dídac + Abdel) + **2** in the design process (Simone + Letizia)

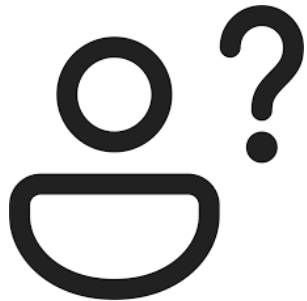

**Giorgio: “Not more MDPI publications in the future”**

# WORKSHOPS 2025

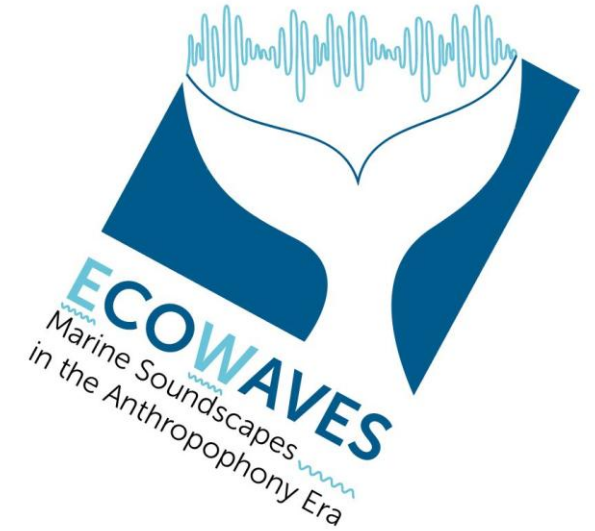

## Summer School 2025 ECOWAVES

**Marine Soundscapes in the Anthropophony Era**  
Naples, 26th-30th May 2025

Applications: deadline 4 April.  
Participants will be notified by 15 April.  
Registration and payment are due by 30 April (250€).

Are we interested?

**Target Audience:** Open to graduate and PhD students, Postdocs and early-career researchers from the fields of: (i) biology and ecology who are willing to know more about underwater acoustics for their research; (ii) physics and engineering who are passionate about marine science and environmental conservation.
