

Channeling 2012

Monday, 24 September 2012

S2.1 Channeling Radiation & Related Fenomena (16:00 - 17:30)

time	[id] title	presenter
16:00	[16] Time Oscillations of the Intensity of Parametric and Diffracted Channeling X-Ray Radiation	Prof. BARYSHEVSKY, Vladimir
16:30	[79] Comparison of the SLAC Experimental Data on the Radiation of Planarly Channeled Positrons with Theory Taking into Account the Medium Polarization	Prof. AVAGYAN, Robert
16:50	[71] Plasmon "Wings" in the Photon Emission Spectra of the Quantum Channeled Particle	Prof. KALASHNIKOV, Nikolay
17:10	[53] High-Order Diffraction Reflection and DCR	Dr KOROTCHENKO, Konstantin
