

Channeling 2012

Tuesday, 25 September 2012

S3.1 Channeling & Crystal Collimation - Hotel Calabona (09:00 - 10:50)

time	[id] title	presenter
09:00	[69] Multiple Volume Reflection as an Origin of Significant Scattering Intensity and Radiation Power Increase	Prof. TIKHOMIROV, Victor
09:30	[58] Experiments with Bent Crystals for High Energy Ion Beams	Prof. KOVALENKO, Alexander
09:50	[83] High-Energy Charged Particle Deflection by a Bent Crystal in TeV energy Region	Mr KYRYLLIN, Igor
10:10	[124] Scattering of Relativistic Particles in Bent Crystal with Variable Curvature	Dr KOVALEV, Gennady
10:30	[35] On the Radiation Accompanying Volume Reflection	Ms BANDIERA, LAURA
