

Spin in relativistic heavy ion collisions: a theory overview

Wednesday 1 October 2025 14:30 (30 minutes)

An overview on spin observables as a tool to study the medium produced in heavy-ion collisions. 30' minute talk

Author: BECATTINI, Francesco (Istituto Nazionale di Fisica Nucleare)

Presenter: BECATTINI, Francesco (Istituto Nazionale di Fisica Nucleare)

Session Classification: Long talks of IS (II)
