

Working Group on Radiative Corrections and Generators for Low Energy  
Hadronic Cross Section and Luminosity

Contribution ID: 16

Type: **not specified**

**Impact of the "untagged" invariant on the single-tag  
 $e+e^- \rightarrow e+e^-P$  cross-section**

*Tuesday, 17 April 2012 10:00 (20 minutes)*

**Presenters:** CZYZ, Henryk (University of Silesia); IVASHYN, Sergiy (KIPT Kharkov)

**Session Classification:** Gamma Gamma physics, FSR and Transition Form Factors
