

Working Group on Radiative Corrections and Generators for Low Energy  
Hadronic Cross Section and Luminosity

Contribution ID: 3

Type: **not specified**

**An improved evaluation of the running  $\sin^2$   
 $\Theta_{\text{eff}}$  and some applications**

*Monday, 16 April 2012 17:00 (20 minutes)*

**Presenter:** Prof. JEGERLEHNER, Fred (DESY Zeuthen)

**Session Classification:** Hadronic VP, g-2 and Delta alpha
