Advances in Modeling High-Energy Astrophysical Sources: Insights from recent multimessenger discoveries

Tuesday, 1 July 2025

Contributed talks: AGN session (15:15 - 16:00)

time	[id] title	presenter
15:15	[20] Two-zone modelling of the very bright and variable FSRQ 3C 279	LUASHVILI, Anna
15:30	[21] High-Energy Neutrino Emission in NGC1068 driven by turbulent magnetic reconnection	PASSOS REIS, Luana
15:45	[55] TeV transient sources with H.E.S.S	PICHARD, Pierre
