

Session Program

24-28 Nov 2025

SNRI 2025

Laboratori

Wednesday 26 November

14:30

Laboratori

Session | Location: Genova

14:30-18:00 **Low Temperature Detectors**

Speakers

Flavio Gatti, Lorenzo Ferrari Barusso

14:30-18:00

Non-destructive composition analyses of the atmospheric particulate matter

Speakers

Dario Massabo', Mazzei Federico, Paolo Prati, Virginia Vernocchi

14:30-18:00

A streaming Read-Out data acquisition framework for HEP detectors

Speakers

Fabio Rossi, Marco Battaglieri

14:30-18:00

Characterization of high speed data transmission lines

Speakers

Ettore Vincenzo Ruscino, Giovanni Darbo

14:30-18:00

DarkSide SiPM tile characterization

Speakers

Alessio Caminata, Bianca Bottino, Giuliano Sobrero, Lea Di Noto

18:00

Thursday 27 November

14:30

Laboratori

Session | **Location:** Genova

14:30–18:00

DarkSide SiPM tile characterization

Speakers

Alessio Caminata, Bianca Bottino, Giuliano Sobrero, Lea Di Noto

14:30–18:00

Characterization of high speed data transmission lines

Speakers

Ettore Vincenzo Ruscino, Giovanni Darbo

14:30–18:00

Low Temperature Detectors

Speakers

Flavio Gatti, Lorenzo Ferrari Barusso

14:30–18:00

Non-destructive composition analyses of the atmospheric particulate matter

Speakers

Dario Massabo', Mazzei Federico, Paolo Prati, Virginia Vernocchi

14:30–18:00

A streaming Read-Out data acquisition framework for HEP detectors

Speakers

Fabio Rossi, Marco Battaglieri

18:00

Friday 28 November

09:40

Laboratori

Session | **Location:** Genova

09:45–13:15

A streaming Read-Out data acquisition framework for HEP detectors

Speakers

Fabio Rossi, Marco Battaglieri

09:45–13:15

DarkSide SiPM tile characterization

Speakers

Alessio Caminata, Bianca Bottino, Giuliano Sobrero, Lea Di Noto

09:45–13:15

Low Temperature Detectors

Speakers

Flavio Gatti, Lorenzo Ferrari Barusso

09:45–13:15

Characterization of high speed data transmission lines

Speakers

Ettore Vincenzo Ruscino, Giovanni Darbo

09:45–13:15

Non-destructive composition analyses of the atmospheric particulate matter

Speakers

Dario Massabo', Mazzei Federico, Paolo Prati, Virginia Vernocchi

13:20
