

Session Program

28-31 Jul 2025

**Physics At The Highest Energies With
Colliders**

General

GGI

Monday 28 July

14:30

General

Session | **Location:** GGI

15:20-16:10

What do we learn from colliders?

Speaker

Chris Quigg

16:10-16:30

Coffee break

16:30-17:20

Lessons from HL-LHC to realize further big projects

Speaker

Beniamino Di Girolamo

17:20-18:00

Discussion on future colliders

18:00

Thursday 31 July

15:40

16:20

General

Session | Location: GGI

15:40-16:20

Open discussion

Speakers

Fabio Maltoni, Giovanni Villadoro, Markus Luty, Vladimir Shiltsev
