

# Diffraction 2012

## Wednesday, 12 September 2012

### Spin Physics (I) (09:10 - 10:45)

time	[id] title	presenter
09:10	[7] Where does the spin of the proton come from?	Prof. LIU, Keh-Fei
09:35	[71] Where is the proton missing spin?	Prof. MA, Bo-Qiang
10:00	[16] Transversity: theory and phenomenology	Dr D'ALESIO, Umberto
10:25	[17] Single spin asymmetries in inclusive DIS and in hadronic collisions	METZ, Andreas
