

Lancaster secondments

- Krittika Adhikari – 6-31 July 2025 Fermilab – PhD student
 - Worked on the sensitivity optimization for mass ordering determination with the atmospheric DUNE data.
- Dr Isobel Mawby – 12-25 Oct 2025 Fermilab – Research Associate
 - Worked on a user/analyzer friendly framework for PANDORA optimization for specific analyses. Useful for any experiment using PANDORA, e.g. DUNE, SBND, ICARUS).
- Prof. Jaroslaw Nowak – 4 – 13 Dec 2025 Fermilab – Academic
 - Will work on the cross section for hyperon production in SBND
