

Session Program

22-23 Jan 2026

Constraining strongly coupled quantum field theories using symmetry

Session 1

Friday 23 January

10:00

Session 1: Andrea Cavaglià

Session | Location: Parco Area delle Scienze, 53/A, Parma

11:00

10:00-11:00

Wilson Line Defect in N=4 SYM: a Tale of Bootstrability

Speaker

Andrea Cavaglià
