

CYGNO General Meeting

25/09/25

Collaboration Meeting

- Annual Collaboration Meeting will be held on 17-19 December in Clusone (Clüsù), an “historical mountain city” in the north of Italy close to Milan and Bergamo;

Collaboration with Australia

- Several Australian groups have expressed interest in entering in CYGNO;

Collaboration with Australia

- Yesterday we had a long meeting with them describing possible analysis and simulation tasks they can work on:
 - Expand David's Radon studies;
 - Generalise 3D reco;
 - Work on background model and evaluation of rare event sensitivity;
- For the formal part of the joining process, we will (update) and use the PubComm rules;
