

**Session Program**

22 January 2026

**Status and prospects of astroparticle  
physics, January 2026.**

***Session 2***

Physics Department Sapienza University, Conversi

# Thursday 22 January

13:40

## Session 2

**Session** | **Location:** Physics Department Sapienza University, Conversi

13:40–14:20

**From Majorana to the Search for Matter Creation in Lab.**

**Speaker**

Francesco Vissani

14:20–15:00

**1956-2026: the contribution of artificial neutrino sources to neutrino physics .**

**Speaker**

Domizia Orestano

15:00–15:40

**Outlook on direct dark matter searches**

**Speaker**

Marco Vignati

15:40
