

**Session Program**

22 January 2026

**Status and prospects of astroparticle  
physics, January 2026.**

***Session 3***

Physics Department Sapienza University, Conversi

# Thursday 22 January

16:10

## Session 3

**Session** | **Location:** Physics Department Sapienza University, Conversi

16:10-16:50

**Fundamental physics with Astroparticles : the case of Cosmic Rays**

**Speaker**

Roberta Sparvoli

16:50-17:30

**Exploring the Universe through the detection of Ultra-High-Energy Cosmic Rays: status and perspectives**

**Speaker**

Valerio Verzi

17:30-18:10

**The search for neutrinoless double beta decay**

**Speaker**

Claudia Tomei

18:25
