

Session Program

22 January 2026

Status and prospects of astroparticle physics, January 2026.

Session 1

Physics Department Sapienza University, Conversi

Thursday 22 January

09:45

Session 1: Introduction and welcome

Session | **Location:** Physics Department, Sapienza University of Roma, Aula Conversi

09:45–10:00 **Introduction and welcome**

10:00–10:40 **The First Decade of Gravitational-Wave Astronomy.**

Speaker

Francesco Pannarale

10:40–11:20 **A journey with cosmic neutrinos**

Speaker

Silvia Celli

11:20–12:00

High-energy photon detection on Earth and in space. Results and perspectives

Speaker

Aldo Morselli

12:00–12:40

Multimessenger observations: present achievements and future directions.

Speaker

Irene Di Palma

12:40
