

## **Session Program**

**11-13 May 2026**

# **Superconducting Technologies for Dark Matter**

## ***Overview***

Roma  
Centro Congressi d'Ateneo, Via Salaria 113, 00198 Roma

# Monday 11 May

14:00

## Overview: Theory

**Session** | **Location:** Roma, Centro Congressi d'Ateneo, Via Salaria 113, 00198 Roma | **Conveners:** Valeria Spasiano, Matteo Folcarelli, Marco Vignati

14:00–14:25

### Axions in 2026: Theory and Astrophysical/Cosmological Bounds

**Speaker**

Andrea Caputo

14:25–14:50

### From quantum sensors to demon materials: New directions for light dark matter

**Speaker**

Yonit Hochberg

14:50
