

Session Program

2-13 Feb 2026

**SFT 2026 - Lectures on Statistical Field
Theories**

***Paul Fendley (University of Oxford) - The
basics of non-invertible symmetries and
dualities***

GGI

Wednesday 11 February

11:10

13:00

Paul Fendley (University of Oxford) - The basics of non-invertible symmetries and dualities

Session | Location: GGI

Thursday 12 February

11:10

13:00

Paul Fendley (University of Oxford) - The basics of non-invertible symmetries and dualities

Session | Location: GGI

Friday 13 February

09:00

10:50

Paul Fendley (University of Oxford) - The basics of non-invertible symmetries and dualities

Session | Location: GGI
