

Session Program

16-27 Feb 2026

**Frontiers in Nuclear and Hadronic Physics
2026**

A. Vuorinen: "Dense matter equation-of-state from colliders to neutron stars"

GGI

Thursday 19 February

11:15

13:15

A. Vuorinen: "Dense matter equation-of-state from colliders to neutron stars"

Session | Location: GGI

Friday 20 February

11:15

13:15

A. Vuorinen: "Dense matter equation-of-state from colliders to neutron stars"

Session | Location: GGI

Monday 23 February

09:00

11:00

A. Vuorinen: "Dense matter equation-of-state from colliders to neutron stars"

Session | Location: GGI

Tuesday 24 February

09:00

11:00

A. Vuorinen: "Dense matter equation-of-state from colliders to neutron stars"

Session | Location: GGI
