

RICAP-26

Roma International Conference on Astroparticle Physics

September 7th – 11th , 2026 – Roma
University “La Sapienza”, Roma

RICAP-2026 will be the tenth edition of the RICAP Conference. The acronym stands for Roma International Conference on Astro-Particle physics, the Conference is dedicated to the study of high energy Cosmic Rays (neutrinos, nuclei, photons as well as Gravitational Waves). Special attention is given to the study of intrinsic neutrino properties and to the search for Dark Matter. It is organized by the three public Universities of Roma (University “Roma Tre”, University “La Sapienza” and University “Tor Vergata”). These Institutions provide both theoretical and experimental contributions and participate to major experimental projects in the field (AMS, CTA, Fermi, LIGO-Virgo, KM3NeT, ...). The Conference is held every two years and in 2026 will be held at the University “La Sapienza”.

Local Organizing Committee

Antonio Capone (chair)
 Silvia Celli
 Mario De Vincenzi
 Daniele Del Re
 Irene Di Palma
 Giuseppe Di Sciacio
 Federica Giacchino
 Aldo Morselli
 Domizia Orestano
 Fabrizio Petrucci
 Roberta Sparvoli
 Francesco Tombesi
 Paolo Valente
 Valerio Verzi
 Vincenzo Vitale

International Organizing Committee

Felix Aharonian
 Markus Tobias Ahlers
 Gianfranco Bertone
 Denise Boncioli
 Zhen Cao
 Antonella Castellina
 Amy Connolly
 Francis Halzen
 Szabolcs Marka
 Chiara Perrina
 Paolo Piattelli
 Elisa Resconi
 Manuela Vecchi
 Eli Waxman
 Min Zha

SAPIENZA
