

The Masses Spectrum of the Exotic Meson 0^- , 0^{+-} and 2^{+-} states by the Diquark Cluster Model Calculation with $q_2 \bar{q}_2$ system

Friday, 12 October 2007 09:40 (20 minutes)

Primary author: NOYA, Hiroshi (Institute of Physics ,Faculty of Economics,Hosei University at Tama)

Presenter: NOYA, Hiroshi (Institute of Physics ,Faculty of Economics,Hosei University at Tama)

Session Classification: Light Meson Spectroscopy

Track Classification: Light Meson Spectroscopy
