

Contribution ID: 81

Type: Poster

Influence of constant and density-dependent reduced cross-section on transverse flow at intermediate energies

Primary author: Ms KAUR, Mandeep (Department of Physics, Panjab University, Chandigarh, India.)

Co-author: Ms GAUTAM, Sakshi (Department of Physics, Panjab University, Chandigarh, India.)

Presenter: Ms KAUR, Mandeep (Department of Physics, Panjab University, Chandigarh, India.)

Track Classification: Equation of State of Neutron-Rich Nuclear Matter, Clusters in Nuclei and Nuclear Reactions
