

Contribution ID: 81

Type: Poster

## **Influence of constant and density-dependent reduced cross-section on transverse flow at intermediate energies**

**Primary author:** Ms KAUR, Mandeep (Department of Physics, Panjab University, Chandigarh, India.)

**Co-author:** Ms GAUTAM, Sakshi (Department of Physics, Panjab University, Chandigarh, India.)

**Presenter:** Ms KAUR, Mandeep (Department of Physics, Panjab University, Chandigarh, India.)

**Track Classification:** Equation of State of Neutron-Rich Nuclear Matter, Clusters in Nuclei and Nuclear Reactions
