

Contribution ID: 72

Type: **Invited talk - Plenary Session**

A New Generation of Gamma Ray Sources based on Compton back-scattering: future potentialities for Nuclear Physics and Photonics

Wednesday, 24 June 2015 10:00 (30 minutes)

Presenter: SERAFINI, Luca (INFN - Milano, Italy)

Session Classification: Nuclear Energy and Applications of Nuclear Science and Technologies

Track Classification: Nuclear Energy and Applications of Nuclear Science and Technologies
