

Low Radioactivity Techniques Workshop - LRT2013

Friday, 12 April 2013

Session 8: Background studies, models, and simulations - E. Fermi auditorium (11:45 - 13:10)

-Conveners: Frank Calaprice

time	[id] title	presenter
11:45	[75] Review of Monte Carlo simulations and muon-induced neutrons	SELVI, Marco
12:10	[77] Measurement and simulation of the muon-induced neutron yield in lead	Ms REICHHART, Lea
12:30	[32] Background Considerations for SuperCDMS	Dr COOLEY, Jodi
12:50	[42] A Comprehensive Comparison for Simulations of Cosmic Ray Muons Underground	Dr VILLANO, Anthony
