

PHIPSI13 - International Workshop on e+e- collisions from Phi to Psi 2013

Wednesday, 11 September 2013

Measurement and Theoretical Evaluation of g-2 (III) - Aula Amaldi (10:50 - 12:10)

| time | [id] title | presenter |
|-------|--|-----------------------------|
| 10:50 | [4] HLS Approach to the muon g-2 evaluation | Mr BENAYOUN, Maurice |
| 11:10 | [5] Towards analytic four-loop corrections to the anomalous magnetic moment of leptons | Prof. STEINHAUSER, Matthias |
| 11:30 | [12] Hadronic vacuum polarization contribution to g-2 from the lattice | Prof. GOLTERMAN, Maarten |
| 11:50 | [61] The electroweak contributions to (g-2)_mu after the Higgs boson mass measurement | Prof. STÖCKINGER, Dominik |
