Understanding the origin of Cosmic Rays and High Energy particles in the Milky Way and the Universe

Thursday, 31 January 2013 09:30 (45 minutes)

This talk will attempt to briefly discuss the status of our understanding of the production of cosmic rays and high energy particles in the Milky Way and the universe, and the most promising observational methods to address the problems that remain open.

Presenter: LIPARI, Paolo (ROMA1)

Session Classification: Opening Session
