

1st European Advanced Accelerator Concepts Workshop

Tuesday, 4 June 2013

WG1+4 - Maria Luisa (18:00 - 19:30)

time	[id] title	presenter
18:00	[25] Radiative losses in plasma-based electron accelerators in ultrahigh energy limit	Dr IGOR, Kostyukov
18:18	[30] Merging Conventional and Laser Wakefield Accelerators	Mr ZEITLER, Benno
18:36	[31] Development of a kHz laser plasma accelerator for ultrafast electron diffraction	Dr FAURE, Jerome
18:54	[28] Collider design issues based on proton-driven plasma wakefield acceleration	Dr XIA, Guoxing
19:12	[34] Transport line for a multi-staged laser-plasma acceleration: DACTOMUS	Dr CHANCE, Antoine
