

1st European Advanced Accelerator Concepts Workshop

Wednesday, 5 June 2013

WG4 future - Future accelerator concepts incl. gg. beam transport (applications) - Bonaparte 2 (16:00 - 17:30)

time	[id] title	presenter
16:00	[142] Follow-up on Overview of Advanced Compton Sources (tentative)	SERAFINI, Luca
16:30	[143] Follow-up on Advanced positron Sources)tentative)	Dr VARIOLA, alessandro
17:00	[144] Follow-up on Shortest Possible Beams from Conventional Accelerators (tentative)	Dr FLOETTMANN, Klaus
