

# 1st European Advanced Accelerator Concepts Workshop

## Monday, 3 June 2013

### WG4 - Future accelerator concepts incl. gg. beam transport (applications) - Bonaparte 2 (15:00 - 17:00)

-Conveners: Andrei Seryi

time	[id] title	presenter
15:00	[27] Measurement of Nanometer Electron Beamsizes using Laser Interference by Shintake Monitor	Ms YAN, Jacqueline
15:30	[91] High quality proton beams from laser plasma interaction with hybrid acceleration schemes	Mr TURCHETTI, Giorgio

### WG4 - Future accelerator concepts incl. gg. beam transport (applications) - Bonaparte 2 (18:00 - 19:30)

-Conveners: Andrei Seryi

time	[id] title	presenter
18:00	[48] Traveling-Wave Thomson-Scattering and optical FELs	Mr STEINIGER, Klaus
18:30	[19] IRIDE: An Interdisciplinary Research Infrastructure based on Dual Electron linac&laser	FERRARIO, Massimo
19:00	[141] IRIDE Round Table discussion (tentative)
